**An Informational Session was presented by Building Inspector James McReynolds. He had two issues that should be addressed by the Zoning Commission:**

- 1. The selection of a second alternate to guarantee that business can be conducted in the absence of regular members.**
- 2. The importance of the legislative function of the commission. It should be initiating and processing needed changes to zoning regulations for the township.**

**In support of this Mr. McReynolds mentioned that he had attended a workshop on The Role of Township Zoning Bodies at the Ohio Township Conference in Columbus. It was led by a team from Brosius, Johnson, and Griggs. The Trustees have contracted with them to lead a training session for the Zoning Commission members. He asked that the chair contact members to determine an appropriate date for it to be held. Mr. McReynolds also agreed to provide Commission members with a copy of the materials provided for the workshop.**
