  - c. Sidewalks fronting main access thoroughfares including Schady Road. The developer agreed to install sidewalks on all main access thoroughfares including Schady Road and seek the necessary plan approval from the county.
  - d. Staking of perimeter boundaries. Attorney Tim Grendell requested that the developer stake the perimeter boundaries denoting the 15 foot versus 70 foot requirement in order for the Board of Trustees to perform a physical onsite inspection before rendering a decision for final approval.
