September 21, 2020

Dear

This letter is to notify you that effective immediately, your voting location has permanently moved. Your new voting location beginning with the November 3, 2020 Presidential General Election will be:

COMMUNITY ROOM IN OLMSTED TOWNSHIP  
7900 FITCH ROAD  
OLMSTED TWP, OH 44138

The Board of Elections has taken a multitude of factors into consideration when finalizing the decision on relocating your voting location. Due to the social distancing requirements needed for COVID-19, many of the sites we traditionally utilized as polling locations, such as residential senior citizen and healthcare facilities are no longer available to us to use in order to help mitigate any potential risks to populations identified as vulnerable.

You may notice a different look in your voting location from previous elections. These changes are being implemented to ensure that you have a positive and safe voting experience. There will be social distancing 6-foot decals on the floors; staff will wear face coverings and gloves when servicing voters; and a Sanitation Official will sanitize all surfaces within the voting location before and after each voter's use.

Please take a moment to visit our website at [www.443Vote.us](http://www.443Vote.us) to ensure your voter registration information is up-to-date and to learn the various voting methods you may use to cast your ballot, such as Vote-by-Mail, Early In-Person Voting here at the Board of Elections and Election Day Voting at your voting location.

Our staff continues to work hard to ensure this transition will be as seamless as possible and hope you will find this voting location suitable to you and your fellow voters. Be on the lookout for our Voter Information Guide the first week of October 2020 as a reminder of your voting location change. We ask that you review the information you receive, as you must cast your ballot at this voting location on Election Day.

Sincerely,

Anthony W. Perlatti, Director

Sincerely,

Shantiel H. Soeder, Deputy Director
